

# GREEN CARD YOUTH VOICES: IMMIGRATION STORIES FROM AN ATLANTA HIGH SCHOOL Traveling Exhibit

## Who We Are

We are Green Card Voices. A Minnesota-based nonprofit aimed at changing the way the world perceives immigrants. Through the power of storytelling, we seek to empower educational institutions, community groups, and individuals alike to acquire a first-person perspective about immigrants' lives.

## What We Do

Sharing immigrant stories is the essence of Green Card Voices. While our stories are always available at our digital library at [greencardvoices.org](http://greencardvoices.org), the most effective way to engage students and the community is through our traveling exhibit, which can be used in tandem with our books and curriculum.

## About the Book

*Green Card Youth Voices: Immigration Stories from an Atlanta High School* is a collection of 21 personal essays written by refugee and immigrant students as well as one current teacher who live in the Atlanta area. The young people in this book—including 6 DACA recipients—come from 13 different countries and reveal the complexity and humanity of the immigration experience which is too often obscured in current conversations. We highly encourage users to experience this exhibit in tandem with the book.
