

# GREEN CARD YOUTH VOICES: IMMIGRATION STORIES FROM A MADISON HIGH SCHOOL

— Traveling Exhibit —

## Who We Are

Green Card Voices is a Minneapolis-based, nationally growing social enterprise that works to record and share first person narratives of America's immigrants to facilitate a better understanding between immigrants and their communities.

Working through local partnerships with high schools, universities, and community orgs since 2013, Green Card Voices works to build a platform that amplifies the voices of immigrants. Their programming includes published books, traveling exhibits, and an online video library that currently features stories of over 400 immigrants and refugees.

## What We Do

Sharing immigrant stories is the essence of Green Card Voices. While our stories are always available at our digital library at [greencardvoices.org](http://greencardvoices.org), the most effective way to engage students and the community is through our traveling exhibit, which can be used in tandem with our books and curriculum.

## Exhibit Description

This exhibit was inspired by the book *Green Card Youth Voices: Immigration Stories from Madison and Milwaukee High Schools*. Within the exhibit, you will hear 13 brave youth share reflections on their pasts, describe challenges from their immigration journeys from Honduras, Vietnam, Dominican Republic, Ghana, Iraq, Syria, Nicaragua, India, Venezuela, Kenya, and Mexico; illustrate the many ways that they contribute to their new homes.

## About the Book

*Green Card Youth Voices: Immigration Stories from Madison and Milwaukee High Schools* is a collection of 30 personal essays written by refugee and immigrant students who live in Madison and Milwaukee. The young people in this book come from 20 different countries and reveal the complexity and humanity of the immigration experience which is too often obscured in current conversations. We highly encourage users to experience this exhibit in tandem with the book.
